

IWSJS.2020-ONLINE WINTER PROGRAM

Feedbacks of Participants:

- *I wanted to thank you for the great job you did all these 10 days of the program. I had a great time and I learned a lot of new things about Jainism and Indian culture and history. It was my first contact with Jainism and I am really glad that it was with ISJS.*

- *I am so happy and satisfied with everything in this program and really learnt a lot. I am just hoping the situations will become easier and the face to face summer program will be a reality.*

*~Yifan Zhang
China*

- *Attending the program brought in new perspectives and introduced us to more scholars. I will encourage my students to participate in the Summer Program in 2021.*

- *Dear ISJS Team, I thank you profusely as I completed my first ever winter program in Jainism from (28th December, 2020- 6th January, 2021). First of all, I would like to congratulate each and every one of you because from the beginning of the course until the end, there was not even an iota of drop in the momentum in which the course progressed. Program has selected a range of topics which were both relevant and customary. All the speakers were well versed with their subjects and had deeper insights on the theological as well the practical aspect of Jainism. The commentaries and elaborated explanation by Dr. Shugan Jain was an added advantage. There have been several instances, where instructors raise the expectations of the participants/ students in their first few classes, but for some reason, the interest levels are not sustained or at times fall prey to their own bar of expectations. Short winter course on Jainism at ISJS was a revelation, and I thoroughly enjoyed the course, it certainly ignited more thirst in me to know the subject "Jainism" with a superior lens along with an eye for details.*

Let me end with four words to sum up my experience for the course. "Illimitata Beatitudinem & Infinita Scientia!! It was such a privilege Thank You! ISJS Team.

- *Firstly, thank you for an amazing experience. I would love to repeat the experience maybe this year. If at all possible that would be great and also cement my learning. It was amazing, and I truly mean that. I partake in Zoom calls all day long and you managed this experience very well. Also, there was a fantastic balance of lectures and time for questions.*
